The Israeli–Palestinian Conflict

Edmund Optics is committed to responsible sourcing that supports a safe and secure supply chain. The ongoing armed conflict between Hamas-led Palestinian militant groups and Israel that began on October 7, 2023 has required a review of our process and procedures with regards to our Israeli suppliers.

As a result of this review, we currently foresee no effects on our supply chain. We will be checking our supply chain regularly to ensure that we can continue to provide you with the excellent service you are accustomed to when dealing with Edmund Optics.

Please reach out to the Director of Corporate Compliance if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jay Budd'.
