Ultrafast Lasers

Start With Edmund Optics® As Your Lab Partner

for knowledge, collaboration, products, and tailored services.

Knowledge Center

- Edmund Optics offers application notes & case studies
- Instructional videos
- Live and on-demand webinars
- Technical tools and more free on our website!
- www.edmundoptics.com/knowledge-center

Product and Application Support

- Edmund Optics has over 260 engineers on staff
- 24 hour application support Sunday, 8pm – Saturday, 8pm ET
- Technical and Sales Support available via phone, email and chat
- www.edmundoptics.com/contact

Sustainability and Compliance

- Edmund Optics has partnered with various organizations dedicated to environmental sustainability within the optics community.
- www.edmundoptics.com/company/sustainability

Educational Discount Program

- Programs tailored specifically for Universities
- Receive **5%** off your Entire Order, Every Time
- Visit www.edmundoptics.com/education

As a member of the Educational Discount Program, you will receive exclusive savings, special deals and promotions and free access to innovative technical resources.

startUP Program

- Membership discounts starting at 10% off all products
- Dedicated engineering expertise
- Customized optics, modified to fit your application
- Visit www.EdmundOptics.com/startup

EO's startUP program offers new and expanding businesses the opportunity to dream big. By partnering with Edmund Optics®, entrepreneurs and startups can focus on what matters most- continuing to innovate and grow your business.

E-Procurement Platforms

- Provides a quick and easy buying experience for end-users
- Improves organization-wide productivity while supporting your overarching mission
- Efficiently manage every aspect of your sourcing process for optics, imaging and photonics requirements.
- Internally host the entire Edmund Optics® catalog, instantly placing over 20,000 standard products at your fingertips
- Visit www.EdmundOptics.com/e-procurement

Imaging Solutions

LENSES

Edmund Optics TECHSPEC imaging lenses optimized for even the toughest applications

CAMERAS

EO partners with top camera manufacturers to offer a wide selection of sensor sizes and interfaces

FILTERS

Improve system contrast and throughput with bandpass, polarizing and neutral density filters.

ILLUMINATION

Wide variety of illumination configurations and technologies for optimized imaging system performance.

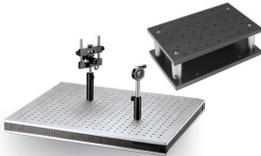

TARGETS

Test system resolution, distortion, depth of field and contrast with a wide selection of targets.

Lab Essentials

TABLES AND ISOLATION SYSTEMS

Build up and out with our breadboards, elevated platforms, vibration control, right angle brackets and more.

BENCHTOP SOLUTIONS

Optical Mounts for lenses, mirrors, filters and prisms for mounting, alignment and adjustment.

MOTION CONTROL

Manual and motorized options for x-y-z and rotation movement.

TUBE SYSTEMS

Great for prototyping designs of lenses from 3-50mm diameter.

BROADBAND LIGHT SOURCES

Fiber and free space solutions for spectroscopy, microscopy and more.

ASSEMBLY

Adhesive, curing, handling and cleaning.

Laser Systems

LASER SOURCES

Diode, Gas, and Fiber laser sources from industry leading manufacturers.

LASER PROTECTION & EYEWEAR

Variety of solutions and styles to isolate and block unwanted beams.

BEAM MANIPULATION

EO offers optics to expand, combine, shape, reflect, compress, and control polarization of your beam.

MEASUREMENT & DETECTION

Solutions for beam alignment, and measuring beam power, profile and pulse.

NEW LAB SETUP DISCOUNT

Contact EO Today for a quote and promo code to get an additional **5% off** orders **over \$10,000**.

Discount offer for new, expanding or upgrading labs. Restrictions Apply.

Same Day Shipping

- Over 3 Million Optics in Stock
- Same day shipping for orders received before 7:30PM ET (M-F) and 12:45 ET Saturday
- 24 hour online shopping
